Love God Cross

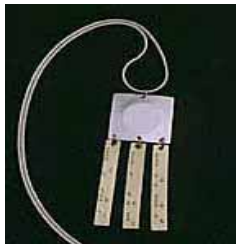

The inspired design of this cross is simple and unique. The word "love" reads vertically down; to the left of the letter "O" is a capital "G" and to the right of the "O" is a "D". When the words "love" and "God" are thus combined, they naturally form a cross. Many wonderful stories have come back to us about this special piece.

You Me (or any other two cell word)

Our most elegant and distinctive design to date. The top of the pendant is made up of two horizontal, narrow square bars of sterling silver. The top most is straight and about 1 1/2 inches long. Below it is an upward curved piece about 1/2 inch longer. They are attached by two small posts and creates an Asian feel. From the lower bar, two 5/8 inch disks are suspended equidistant from the center. The entire piece hangs from a 24 inch, sterling snake chain and is suspended from the center of the top bar, so the whole design is in perfect balance. As you look at the pendant, the left circle says, "you" the right one says, "me".
